

NATION'S MEN OF AFFAIRS IN CARTOON

LEVI WOODBURY.

Proprietor St. James Hotel and President Norfolk and Washington Steamboat Company.

A LITTLE NONSENSE.

SCENIC EFFECTS.

A man pulled off the stage.
He pulled it up to stay.
As you surmise, was in the flies.
And happened in a play.

A horse then sprang the stage.
Which almost made me sick.
But there were more, and still more.
And yet it got away.

Some more down the back stairs.
But this was in no place.
Took a walk in fact to see
The last pretty thing.

Good Advice.

My dear son, the old saying
Is starting not to work now. Hence
My advice.

Remember that some people

Want more than others, while others will
Content themselves with less.

Yes, but if they succeed in the market, don't
Forget to share the gains.

Happily Occupied.

What ails you, brother? Is all the
Time you're seen about about?
It's time for the market.

Happily occupied.

"I'm not," he says, "but I am."
